

## GKOH15-DB – Q & A

Question		Response
1.	Will the design firm be allowed to perform QA and QC for construction, or will the contractor need to engage an independent firm(s) to provide QA and QC services?	The requirements for Key Personnel are in Exhibit B.
2.	Will a single firm be allowed to provide both QA and QC services during construction or will the QA and QC functions be performed by two separate firms?	The requirements for Key Personnel are in Exhibit B.
3.	Will the contractor be responsible for obtaining the Type 2 CEQR approval?	No.
4.	Is there a typical section of the Porous Concrete Sidewalk Panel? Will this be provided?	The Design Builder is required to design and construct the Precast Porous Concrete Panels. Standards and specifications will be provided in the RFP to those shortlisted.
5.	Exhibit D, Section E, Item 2 – Utilities, discusses utility relocations. Are utility relocations anticipated on this project? If so, where?	Yes, utility relocations are anticipated on this project. The final details will be provided in the RFP to those shortlisted.
6.	Is there a standard resume template that NYCDDC would like the proposer to use?	There is no standard resume template. The RFQ has been updated in Addendum 3.
7.	Can NYCDDC provide the forms from Exhibit E in an editable format? (i.e., Microsoft Word)	Please use the editing features in Adobe or Adobe Pro

8.	Can DDC provide the DB Team Qualifications Form, Personnel Commitment Form, and Project Team Summary Form in Word Format? The forms as PDF documents are fairly difficult to edit and add additional lines for personnel.	Please use the editing features in Adobe or Adobe Pro
